

Blockster V2

The Web3 Community Hub Platform

Blockster V2 is a Web3 media platform where leading crypto brands publish content, events, and merch — and users earn \$BUX for engaging with stories.

Community Hubs

Blockster V2 introduces Community Hubs for top Web3 brands.

Each Hub is a dedicated brand space to:

- Publish articles & videos
- Promote events & ticketing
- Launch branded merch
- Reward engagement with \$BUX

All content is distributed across Blockster's global feed.

Built-In Distribution + Rewards

Every Hub post is:

- Syndicated into Blockster's global feed
- Discovered by users across Web3 ecosystems
- Rewarded instantly with \$BUX

Users earn \$BUX by:

- Reading articles
- Watching videos (X & YouTube)
- Sharing on X & LinkedIn

Engagement compounds automatically.

\$BUX = Real Utility

\$BUX can be redeemed for:

- Branded merch (streetwear & Web3 gear)
- Sponsored airdrops (burn to claim)
- Games & interactive experiences
- Event passes & ticket discounts

Engagement becomes real-world value.

Merch & Events (IRL Reach)

Each Hub includes:

- A built-in Shop (print-on-demand or stocked)
- \$BUX discounts → merch as low as \$35
- Global fulfillment handled by Blockster
- Event listings + ticketing in one place

Your community promotes your brand IRL, worldwide.
